

Extra dental care when you need it most

Vouchers for dental care

Having a healthy smile isn't always as easy as you'd like it to be. Certain health conditions may result in the need for extra oral health care. And sometimes you want a second opinion to be sure you're making the right decision. That's where your dental insurance from Principal® can help. Talk with your dentist about the voucher program, which provides you and your covered dependents with the extra care you need to maintain good oral health.

How can I benefit?

- **Periodontal program.** Members who are pregnant—or those who have diabetes or heart disease—receive scaling and root planing covered at 100% (if dentally necessary). Or, they receive one additional cleaning (routine or periodontal), subject to deductible and coinsurance.*
- **General anesthesia program.** All members who have autism, Down syndrome, cerebral palsy, muscular dystrophy, or spina bifida may receive general anesthesia or intravenous sedation coverage. Services must be administered in a dental office.
- **Cancer treatment oral health program.** Members with cancer who are undergoing chemotherapy or head/neck radiation therapy receive up to three fluoride treatments every 12 months covered at 100%, plus one additional routine cleaning.*
- **Second opinion program.** All members are eligible for second opinions from dental providers at 100%. This program helps you to make an informed decision about your care.*

* Voucher benefits are applied to the benefit period maximum.

Using the voucher program

Most dentists submit the voucher on your behalf. If you need to submit it yourself, fill out the form below and follow the instructions on the back. **Important: the dentist needs to sign the form for correct claim processing.**
