

## JACKSON LEE

Jackson grew up and has lived in Battle Ground his whole life. His family consists of his parents, 11 siblings, 8 of which are brother and 3 sisters. Jackson is the 2nd to the youngest child. He said his family would describe him as adventurous and athletic.

Before working at JRT for almost 4 years as a plumbing apprentice, he seal coated driveways and worked for his brother for a year doing masonry. Jackson said his work day consists of getting to work, doing stretch and flex with the jobsite before talking to the foreman about the tasks of the day which right now is installing bathroom trim. His favorite thing about work is the people he works with and being on a grounder in sunny weather. One thing that surprised Jackson when he first started working here, was how everyone works as a team. We asked him to share a funny work story and he said one time a temp guy was working on Basie with them and was late so Brandon called him and said he accidentally flushed his keys down the toilet so he wasn't going to make it in. Jackson said his one work related goal is to get all his plumbing hours & journeyman out.

When not at work Jackson enjoys to hunt, play volleyball & snowmobile. His favorite way to spend a weekend is on the mountain snowboarding or snowmobiling. A few things he'd like to do is skydive & visit Sweden and Alaska. He said if he could visit anyplace in the world, he would go to the Bahamas.

## EMPLOYEE OF THE MONTH

*Christian Weber*

Christian is someone who never fails to go above and beyond. He's worked crazy hours this entire Summer, on not only his job, but a few others as well, and I have yet to hear him complain! Also, his positive attitude keeps the guys morale up and keeps the job going smoothly.

– Taylor Bergmann

Christian has such a great attitude, he has fun at work, he expects a lot from his employees. In payroll he has started entering time into eSub which can be time consuming and frustrating. He does anything we have asked of him with such a great attitude! - Kara Hansen & Jayla Muonio
