

Allergy Relief

Save 20% (or more) on products
For nondrug allergy relief

National Allergy

If you or someone in your family suffers from allergies or other conditions related to allergies such as sinus infections, asthma, and eczema, the environmental control products offered by National Allergy are proven to help alleviate symptoms. With your HMA membership, you receive 20% (or more) off National Allergy's already low prices on your entire order including products such as:

- Pillow and mattress encasings for dust mite and bed bug protection made in the United States.
- Air filtration products like HEPA room air cleaners and furnace filters.
- Compressors/nebulizers and other asthma management tools.
- Nasal/sinus irrigation products and saline solutions.
- Green cleaning products containing no or minimal chemicals, and anti-allergen carpet and furniture treatments.
- Products to minimize exposure to pet allergen, pollen, mold spores, dust mite allergen, and household dust.
- Personal Care products designed for sensitive skin & hair.

Since 1988, more than 10,000 doctors around the country have sent their patients to National Allergy for allergy relief products. National Allergy has earned the trust of its nearly 750,000 customers by providing discount prices, outstanding service, and a 60-day unconditional return policy with no restocking fees.

If you need help in determining the best products for you, the National Allergy experts can answer your questions and give you information regarding any of their products.
