August 2022

Ty started his work career with Nylund Homes when he was 16. He worked there for 9 months before Henri Tapani asked him if he would want a job at JRT as a shop boy, and of course he said "yeah!"

Ty is working out at Advantis Credit Union right now with Christian Weber and said his favorite part of his job is working with "the boys" and learning new things everyday. We asked Ty if he had any funny work related stories and he replied " pretty much any day working with Shane Paulson is a good work story. There was one time they got Shane to Hula Hoop, it was pretty funny watching the attempts!" Ty said a typical work day goes as follows... "struggle to get up, do my daily routine, eat breakfast, drink coffee etc. and head for the job where he puts in his best effort doing whatever needs to be done for the day before heading home.

Ty is a 2nd year apprentice and we asked him what his school experience has been so far and he said "as a first year apprentice things weren't too fun learning about safety and how to correctly use a hammer. 2nd year has been good though, getting into the code and how to correctly size pipe."

Ty said he has 3 brothers and 2 sisters and awesome parents, in-laws and an out of this world wife. Ty also has 8 nieces and nephews and three more on the way. When we asked him how they would describe him, he said they would say he gets along with everyone, is a picky eater and as his wife says, the small things matter to him.

As far as hobbies, Ty enjoys dirt biking, & skateboarding along with surfing & fishing. He also likes to go on trips with his wife Bethany.
