

JRT NEWSLETTER

July 2020

Dave Charlson

Dave claims he was born & raised. He lived most of his life in Battle Ground with his 7 brothers & sisters. In 1986 Dave married Cindy Redinger. They have been married for 34 years and have 1 daughter and 5 boys which he said he doesn't know their ages. Dave and Cindy have 15 grandkids who "are wonderful, just wonderful"

Dave quit school in the tenth grade and went into the masonry trade which he did for 28 years. He came to work for JRT in 2012 as a pipefitter. For the last 5 out of 8 years he's worked in Ellensburg at CWU which he finds to be very interesting work. When asked if he has any funny stories about his co-workers on the job Dave said "one time a pipefitter came to

work with me and thought he was going to work at normal speed"

A typical day for Dave starts with imagining the pipe routing, drawing it on ISO, measuring it up, doing the math for cut lengths, cutting parts, welding big pieces together, chain falling it into place, fixing it because it doesn't fit, putting it back into place and patting his own back for a job well done. His favorite part of his job is welding & fitting.

Dave's advice for guys starting out pipefitting is: "learn how to fit pipe & weld, fitting right is how you get production."

When asked how his family/friends would describe him Dave's response was "I like to talk about work & am verrrry opinionated".

As far as hobbies Dave loves to sit in his Lazyboy but he said he recently bought 2 snowbikes.

Something that would surprise us the most about you? "I smoke"

Something unique about yourself: "I like pipe"

JRT NEWS

CONGRATULATIONS WILLIAM & EMILY USKOSKI ON YOUR MARRIAGE!

CONGRATS ANGIE WANTAJA ON YOUR ENGAGEMENT TO TY WISTI!

Due to Covid-19 we are unable to have our annual summer picnic with the families this year. We are hoping to have something on a smaller scale with just the employees. We will keep you posted.

MATTI ANDERSON AND HIS WIFE BROOK WELCOME BABY GIRL REMI JEAN

WELCOME

DENNIS MORARIU - SERVICE APPRENTICE
HELLTON NGIRDIMAU - HVAC TECH
SEAN PIERCE - HVAC

JOREN SARKINEN - APPRENTICE
HARRY MCGHEE - TRI-CITIES APPRENTICE
AMANDA HYMANS - PROJECT ENGINEER

EMPLOYEE OF THE MONTH

Christian Weber

I was extremely impressed with the amount of thought and effort that Christian put into fabrication to make the field installation absolutely fly at Sunny-side Apartments! It took 12 minutes for 2 guys to pipe waste and vent in a single bath unit. - Jacob Allen

Christian and I have been through the good, bad and the really UGLY! Through it all, Christian is someone I can count on no matter the situation, he is always by my side. He is an incredibly hard worker and I have nothing but the utmost respect for him and trust him completely. In the midst of any project he always has a great sense of humor and keeps everyone laughing. I feel honored and blessed to work with him. - Stephanie Rau

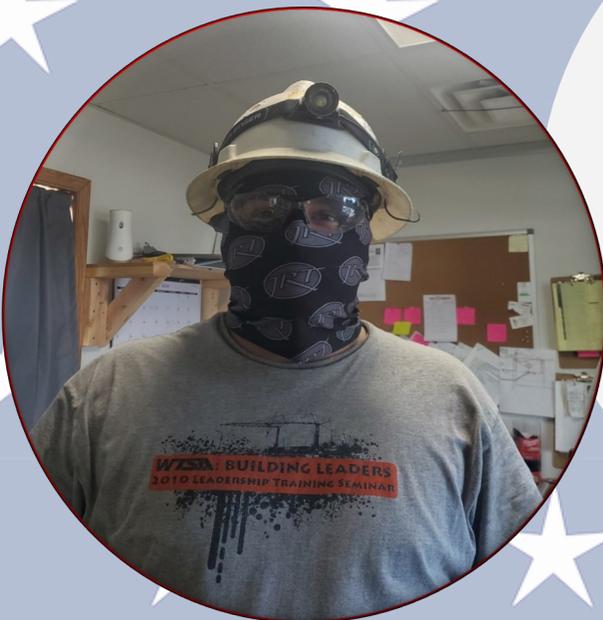

Jobsite Spotlight: DSE8 Amazon Bremerton

JRT Mechanical has the complete mechanical, plumbing, and gas piping for the DSE8 Amazon distribution center in Bremerton WA.

This Amazon building is smaller in size at 115,000 sq ft, delivery trucks drop off orders and vans take the order to the local homes. The project has an office area and remote restroom with scrubber dump. Rough in is 90% complete with insulation continuing this week.

Another smooth helicopter pick of the 11 RTU's completed earlier in the month. The project is on schedule to meet its completion date of early September.

SAFETY

We have had a very good start to the year in regards to safety, We want to urge all of you to keep this trend going and continue to have a safe and productive year.

Thanks, Safety Team
